

Unpaid Policy Terms and Conditions

An invoice will be issued after the services received, and prompt payment is appreciated, although I understand that postpartum life is busy!

If no payment is made after a week, a reminder text/message will be sent, followed by an email, followed by a posted invoice where appropriate.

If no payment is received after 14 days, an admin fee of 10% will be added, and the invoice reissued.

Subsequently, for each 7 days after this the invoice remains unpaid, an additional 10% will continue to be added until the invoice is paid in full.
